# Tidey Farms - Choose Your Size - CSA half and full shares

## ***What is CSA?***

Community-supported agriculture (CSA) is a system that connects the farmer and consumer within the food system more closely by allowing the consumer to subscribe to the harvest of a certain farm. In short: people buy "shares" of a farm's harvest in advance and then receive a weekly portion of the crops as the fruits and vegetables are harvested.

## ***Share Details:***

Starting in July and continuing for 17 weeks through the end of October you will receive a weekly box filled with delicious, freshly picked fruits and vegetables. The diversity of fruits and vegetables changes as the season progresses. For example, you can enjoy a bountiful box full of tomatoes, peppers, zucchini, cucumbers and broccoli in the summer and squash, leeks and cauliflower in the fall. If you would like to opt out of one or more of the fruits and vegetables listed, due to allergies or dislikes, no problem, please indicate on the order form in the comments and we will substitute another item for you.

## ***Why choose CSA?***

1. Eat healthy
2. Abundance of flavor
3. Fresh picked
4. Longer shelf-life
5. Know where your food comes from
6. Convience
7. Expand your palate
8. Support your local farmer

## **Half Share**

The best and most cost effective option for a smaller family (2 adults & 2 children) is the half share of our fresh fruits and vegetables. This share consists of 5-6 flavorful different varieties of what's in season each week. You will receive all the goodness that Southwest Michigan has to offer. This weekly 1/2 bushel box will be enjoyed by you for 17 weeks, starting in July and ending in October. The cost for the half share is \$395. That is approximately \$23 a week! Please indicate on the sign up form that you are looking for the half share.

## **Full Share**

The full share is designed for those who love an abundance of fresh fruit and vegetables or have a large family (3-4 adults & 3+ children). The full share consists of 9-10 different varieties of fruits and vegetables every week for 17 weeks, beginning in July and ending in October. The box is just over one bushel. The cost of the full share is \$595. That is \$35 a week!
